The receipt of your copy of this form constitutes the City’s initial response to your request for records. The City estimates that it will take approximately _____ days/weeks to respond to your request. If the preceding space is blank, the City estimates that it will take two (2) weeks to respond to your request, unless it becomes necessary for you to clarify your request. The estimated time required to respond to your request may be based upon the need to locate and assemble the records, to notify third persons or agencies affected by the request, to determine whether any of the information is exempt from disclosure, to redact documents containing material that is exempt from disclosure, or to obtain clarification of the request. If the City is unable to determine which records you are requesting, the City will, in writing, ask that you clarify your request. **Please be advised that your failure to respond to the City’s written request for clarification, within fourteen (14) calendar days from the date of the City’s written request, shall relieve the City of its duty to respond to this request.**

Please Note: State law requires that responses to requests for public records be made "promptly". Specifically, cities and other governmental agencies must respond, within five (5) business days of receiving a request, by either: (1) Providing the record; (2) Acknowledging receipt of the record and providing a reasonable estimate of the time in which a response will be made; or (3) Denying the request. Duplication costs will be assessed at actual cost or as outlined in the City’s current Fee Resolution.
