## CHECKLIST

- Separate application required for each proposed sign
- Four (4) sets of plans required, including site plan showing:
  - (a) Property lines, (b) streets, (c) buildings, (d) sign locations, (e) landscaping
- Sign elevations with area calculations
- Building elevations (for all signs)
- Supporting structure and method of illumination
- One copy of valid Washington State contractor's license
- Sign permit fee per current Fee Resolution

## INSPECTIONS

If the sign needs structural review, the applicant or installer is required to call the Inspection Line at (253) 480-2440 for footing and/or bracket inspections. Footing inspections must take place *before* concrete is poured. Bracket inspections must take place *before* sign is installed. A final inspection is required for all signs when installation is complete. Please call the Inspection Line for a final inspection. It is the responsibility of the installer to obtain required electrical permits and related inspections from the Washington State Dept. of Labor and Industries (206) 248-6630.

All of the boxes below must be checked in order for application to be processed.

- I acknowledge that an application for a permit for any proposed work that has not resulted in the issuance of a permit within 180 days of the date of filing shall be deemed to have been abandoned.
- I certify that as a contractor, I am currently registered and properly licensed as defined in RCW 18.27, or as a property owner, I am exempt from the requirements of the contractor registration and will do all my own work or use properly licensed subcontractors in connection with the work to be performed under this permit.
- I certify that I have read and examined this application and know the same to be true and correct, and that if any of the information provided is incorrect, the permit or approval may be revoked.
