## A word from the Mayor

The City of Covington takes pride in being an active and family-friendly community. To further that focus, your Covington Parks and Recreation Department has worked hard to prepare and offer many exciting opportunities in the coming months. The time is right to register for your favorite classes and get active; no matter skill level or age, there is an activity for you!

Make a splash in the many aquatic activities at the Covington Aquatic Center like fun and engaging swim lessons for all ages and abilities. Break a sweat in shallow and deep water aerobics for a great cardio workout or bring your family to an open swim and play on the many water features like the water walkway, the inflatable octopus, and the water slide.

Root for your favorite young athletes as they experience the thrills of team sports like youth soccer, youth flag football and youth volleyball for the fall, as well as youth basketball coming in the winter. Registration is already open!

From gymnastics classes covering a wide variety of skill levels to the Art Expedition for creative minds there is something for everyone in our recreation activities! Adults can even join in on Yoga and Zumba as a fun way to exercise and relax.

In addition to all of the upcoming activities, classes and sports, I encourage you to take a stroll through the continually expanding Covington Community Park with its winding walking trails and beautiful sports field. Several community events are approaching, too, like the Spooky Swim at the Aquatic Center and the Hot Shot Basketball Skills Competition.

We hope that you are as excited about all of the outstanding activities planned for this fall and winter as we are! Please come out and enjoy all that Covington Parks and Recreation has to offer.

Sincerely,

Margaret Harto  
Mayor of Covington

You will be shown how to use these behaviors in real life situations, with and without treats. Your dog will learn to socialize with other dogs calmly and sit to say hello to people. You will receive customized solutions to help with the behavior problems you are having at home. The result will be a well trained dog that listens consistently, even when distracted by other things. Basic Manners is designed for dogs who are non-aggressive towards other dogs and people.

# Aquatics

## Swimming Lessons

### Parent & Child Aquatics

For both levels of Parent & Child Aquatics, our instructors follow a plan to introduce new swimming and water safety skills that are developmentally appropriate for infants and young children. It is important to understand that Parent and Child Aquatics is not designed to teach children to become good swimmers or even to survive in the water on their own, but to give them fundamentals to build off of in the upper swimming levels. (Ages 6 months - 3 years)

### Learn to Swim

For each of the six levels of Learn to Swim, our instructors follow a plan to introduce new swimming and water safety skills and build on previously learned skills. Each class is loaded with fun, engaging and challenging activities that motivate children to want to perform and learn to swim. (Ages 6-14 years)

### Preschool Aquatics

For each of the three levels of Preschool Aquatics, our instructors follow a plan to introduce new swimming and water safety skills that are developmentally appropriate for young children. Preschool Aquatics puts the “fun” in fundamentals. Each class is loaded with enjoyable, engaging and challenging activities that motivate children to want to perform and learn to swim. (Ages 4-5 years)

### Adult

Adult Swim Training is offered for beginners and intermediate and advanced swimmers. This American Red Cross course is specifically designed for adult learners who wish to learn and improve swimming technique and proficiency. (Ages 15 years and older)
