Covington Community Park is the city's first community park and will contain the city's first full size soccer field along with nearly a mile of new trails.

Covington Community Park will provide a place of community pride that addresses residents'

highest priorities by including additional amenities such as walking trails, biking trails and a location for community events and festivals. Eventually the park will have softball and baseball fields, a Teen Zone, playground, picnic shelters, sports courts, and 15 acres of wooded open space.
