#### Agenda Item 2

Covington City Council Meeting
Date: March 14, 2017

SUBJECT: AUTHORIZE THE CITY MANAGER TO ENTER INTO A BINDING STATEMENT OF INTENT WITH RESPECT TO ENTERING INTO AN INTERLOCAL AGREEMENT WITH KING COUNTY REGIONAL ANIMAL SERVICES TO CONTINUE TO PROVIDE ANIMAL SERVICES TO UNINCORPORATED KING COUNTY AND 24 CONTRACT CITIES, BEGINNING JANUARY 1, 2018. THE EXECUTION OF THE CONTRACT IS CONTINGENT ON THE COSTS AND THE CONTRACT REMAINING THE SAME WITHOUT MATERIAL CHANGES.

- 2) Summary of key provisions and changes from the current ILA
- 3) Estimated cost allocation
- 4) Interlocal Agreement (available on request and on-line)
- 5) Statement of Intent

RECOMMENDED BY: Rob Hendrickson, Finance Director

#### **EXPLANATION:**

At the December 13, 2016 city council meeting, the city council authorized the city manager to enter into a non-binding statement of intent with Regional Animal Services of King County ("RASKC"). The current ILA expires at the end of 2017. The county and contracting cities began work on a successor agreement early this year.

Since that time, Kirkland has announced they are leaving the system. The cost impact to Covington has been negligible. At this juncture, cities are now asked to confirm their intent to enter into an interlocal agreement with RASKC.

Staff recommends the city continue contracting with King County as there are currently no other options for animal sheltering or field work at this time. King County does their best to keep costs low while continuing to provide a valuable service which meets the needs of the community.

ALTERNATIVES: None.

#### **FISCAL IMPACT**:

Entering into the agreement will commit the city to five years of service. Costs for 2018 have been estimated at about \$47,000 depending on the amount of licensing revenue that can be raised. These costs will fluctuate year to year as population and calls for service change. In addition, other costs such as sheltering will continue to increase as service costs increase over time.

# Regional Animal Services of King County – 2018-2002 ILA Attachment D - Benefits of a Regional Animal Services System

#### **Effective and Efficient Service**

- Provide equity of service, consistent level of service, common regulatory approach, and support humane animal
  care across the region.
- Centralization efficiency and effectiveness in:
  - Serving as a single access point for residents for animal related issues
  - o Providing a *centralized database* of historical and current information, regarding residents, location and animal data related to pet licensing and animal control activities
  - An economy of scale to provide a full range of services and the ability to respond to large scale issues,
     efficiency in operations, database administration, staff training, etc.
- Reducing demands on individual jurisdictions:
  - Communications from the media, advocacy groups and other interested parties on animal issues (e.g. public disclosure requests)
  - Local police agencies to focus on traditional law enforcement instead of civil animal nuisances and offenses
  - Local court systems do not deal with animal related civil appeal processes
  - Local jurisdictions are not involved in court proceedings for Superior Court appeals of actions or lawsuit response
- Builds economies of scale to provide a full range of services, making it less expensive to develop operations, training, licensing and care programs than it would be for cities to duplicate similar levels of services at the local level.
- Supports *low-cost spay and neuter programs* which are key to reducing the population of homeless animals and thus reducing the costs of the system over time.
- Use of *volunteers and partnerships* with private animal welfare groups increases humane animal treatment with minimal public cost. In 2015, volunteers contributed over 90,000 hours of support to the County animal services system as foster parents or providing direct adoptable animal care, equivalent to 45 FTEs.

#### **Customer Service**

- Provides a *single access point for residents* seeking animal control help.
- A regional, uniform pet licensing program that is easier for the public to access and understand, with a broad
  range of accompanying services to encourage licensing; marketing, partnering with third parties to encourage
  license sales, and database management.
- Online licensing sales increase the ease of compliance for pet owners.
- Pet Adoption Center is open and provides lost pet and adoption services 7 days a week.

# Regional Animal Services of King County – 2018-2002 ILA Attachment D - Benefits of a Regional Animal Services System

#### **Public Health and Safety**

- Provides the ability to identify and respond to public health issues related to animals, such as rabies, on a regional basis and coordinate activities with Seattle King County Public Health
- Reduces animal health and public health threats through routine vaccination of animals before release (e.g. Rabies).
- Scale provides capacity to handle unusual and multi-jurisdictional events involving animals that often require specialized staff, such as: cruelty investigations, animal hoarding, loose livestock, dog-fighting, animal necropsies and quarantine, holding of animals seized in criminal cases and retrieval of deceased animals from the communities.
- **Provides consistent and knowledgeable field services to over 5,300 callers per year**. Calls are dispatched on a prioritized basis. Emergency response field services are available 24 hours per day.

#### **Animal Welfare**

- Animals find new homes and are not euthanized for capacity. *Euthanasia* rates have been reduced down to 12% in 2015, an amazing accomplishment for a public shelter.
- Engages hundreds of animal loving residents through *the foster home program and other volunteer programs* (on-site and adoption events).
- Provides regional response to animal cruelty cases working closely with jurisdictional law enforcement.
- Provides regional preparedness planning and coordination with the King County Office of Emergency Management for emergency and disaster response.
- Provides regional capacity for seasonal events (annual new born kitten season).
- The RASKC Benefit donation fund allows county employees and private donors to contribute to the
   extraordinary care of animals—these services, such as veterinary specialists or orthopedic surgery, are typically
   not publicly funded and are not usually available in publicly funded animal service programs.
