GUEST PRESENTATION
Mary Gardocki, Parks Project Manager, updated the Commission on parks projects and reiterated that she would keep us apprised of opportunities to comment on art in time to have an impact. Some of the items discussed were the pending permit from the Army Corps of Engineers on Phase II of CCP, the master plan for Jenkins Creek Park, and a 4/28 Arbor Day Event at Jenkins Creek Park.

CONTINUED BUSINESS
- Student Art Show Update: The re-sort for the schools was accomplished on Tuesday, 4/11. Jennifer will return the art next week. For next year, it was suggested that we ask the schools not to submit chalk or pastel art as it rubbed off on other art, and also that they try to use more substantial paper for the matting so that the adhesive stickers come off without damaging the art.
- Art Theme Update: Ed shared our “Earth, Water & Air” choice with City Council at the 3/28 meeting and said that the response seemed to be positive. Pat will look into what is needed to get the theme officially adopted.
- Jennifer reported that Emily Mallory has agreed to hang out in our Covington Days booth and she suggested a jumping frog origami activity.
• Ed reported that the picnic table installed at Jenkins Creek Park does not have a surface conducive for tile and he would continue to consult with Colleen McMeen at MultiCare about an alternative use for the tiles created by the kids.

NEW BUSINESS
• Rotating Display Art: Pat updated the chart showing who is hanging for each month with installation dates and will share times with us so we can plan who will be there.
• Cath submitted her first draft of the Public-Private Art document, which we will all review and comment on, section by section, starting at the next meeting.
• Work Plan Update: Pat added “Develop a Town Center Public Art Plan”.
