PREPARED BY: Salina Lyons, Senior Planner

EXPLANATION:
Overview
On Aug. 15, 2011, Andrew Goble, on behalf of Tritec Homes (Developer), submitted a Major
Revision to the preliminary plat of Woodbridge (City File No. LU06-0080/2106). The
Woodbridge Major Revision application modified the original preliminary plat from eight (8)
lots, with a new local access street that would have extended west from 155th Ave. SE to a six
(6) lot subdivision, where all lots take access from 155th Ave. SE. Water service is provided by
King County Water District #111 and sewer service is provided by Soos Creek Water and Sewer
District. Emergency Services are provided by the City of Covington and Kent Fire Department
Regional Fire Authority. The site contains no environmentally critical areas. (Attachment 1)

The City issued a Determination of Non-Significance (DNS) for the preliminary plat revision on
Oct. 21, 2011 (Attachment 2). The City of Covington hearing examiner held an open record
public hearing on the proposal on Dec. 15, 2011. The examiner approved the plat subject to 41
conditions as noted in the Examiner’s Report dated Dec. 19, 2011 (Attachment 3). The clearing
and grading permit and Notice to Proceed for construction of the site improvements were issued
on May 5, 2012.

Site Improvements
The lots will be accessed via individual driveways from 155th Ave. SE, a local access street that
connects to SE 256th St. Stormwater facilities were constructed along the southern and western
portions of the site, and shown as Tract A and the Public Storm Drainage Easement. The
stormwater facility within the public storm drainage easement will be dedicated to the city upon
completion of the two-year maintenance requirements and Tract A will be the responsibility of
the owners of Lots 1-6. The developer will pay a fee-in-lieu of recreation space in the amount of
$24,750.00 upon approval of the final plat.
Financial Guarantees
The improvements have been completed in conformance with the approved engineering plans. Any required improvements that have not yet been completed have been secured by an acceptable financial guarantee.

Staff Recommendation
City staff has reviewed the plat development final engineering plans filed by the developer for conformance with applicable City of Covington engineering standards, for conformance with the SEPA DNS Threshold Determination, and for conformance with other applicable local and state laws and regulations. Staff has approved these drawings.

Staff recommends approval of the Final Plat of Woodbridge, City File No. LU11-00012/2106 for recording.

ALTERNATIVES:
1. Request additional information from staff.

FISCAL IMPACT:
Approval and recording of the final plat will have no direct fiscal impact. Subsequent single-family residential building permit applications in the plat will generate revenue for the city for required expenditure of staff resources for building plan review and building construction inspection.

TYPE OF CASE: Preliminary subdivision (Woodbridge Major Revision)

STAFF RECOMMENDATION: Approve subject to conditions

EXAMINER DECISION: GRANT subject to conditions

DATE OF DECISION: December 19, 2011

INTRODUCTION

Tritec Homes, Inc. (Tritec) seeks preliminary approval of a major revision to the approved Woodbridge preliminary plat. The requested major revision will result in a six (6) lot single family residential subdivision of a 1.49 acre site zoned R-6.

Tritec filed the major revision application on August 15, 2011. (Exhibit 2) The Covington Community Development Department (Department) deemed the application to be complete on August 29, 2011. (Exhibits 8 and 12)

The subject property is located at 15416 SE 256th Street, occupying the northwest quadrant of the 155th Avenue SE/SE 256th Street intersection.

1 Any statement in this section deemed to be either a Finding of Fact or a Conclusion of Law is hereby adopted as such. Exhibit citations are provided for the reader’s benefit and indicate: 1) The source of a quote or specific fact; and/or 2) The major document(s) upon which a stated fact is based. While the Examiner considers all relevant documents in the record, typically only major documents are cited. The Examiner’s Decision is based upon all documents in the record.
The Covington Hearing Examiner (Examiner) viewed the subject property on December 15, 2011.

The Examiner held an open record hearing on December 15, 2011. The Department gave notice of the hearing as required by the Covington Municipal Code (CMC). (Exhibit 11)

The following exhibits were entered into the hearing record during the hearing:

Exhibits 1 - 22: As enumerated in Exhibit 1, the Departmental Staff Report

The action taken herein and the requirements, limitations and/or conditions imposed by this decision are, to the best of the Examiner’s knowledge or belief, only such as are lawful and within the authority of the Examiner to take pursuant to applicable law and policy.

ISSUES

Does the application meet the criteria for preliminary subdivision approval as established within the CMC?

No testimony or evidence was entered into the record by the general public either in support of or in opposition to the application.

FINDINGS OF FACT

1. On February 5, 2009, the Examiner approved the Woodbridge preliminary plat. As approved, Woodbridge would divide the subject 1.49 acre site into eight (8) lots and create a new, short, stub street, SE 255th Street extending west from 155th Avenue SE. The Woodbridge approval was subject to 41 conditions. (Exhibits 4 and 5)

Preliminary plat approval is valid for 60 months (subject to a possible one-year extension) under current CMC provisions. [CMC 17.20.020(1)] However, RCW 58.17.140, as amended in 2010, provides that preliminary plat approvals are valid for seven years, subject to possible extension under provisions in a local ordinance. (Exhibit 13) State subdivision law provisions “trump” conflicting local subdivision ordinance provisions; vested rights do not apply to procedural matters. Therefore, Woodbridge is a valid preliminary plat and will remain so until at least February 5, 2016.

2. Tritic now seeks to revise the approved Woodbridge preliminary plat. (Exhibits 2 and 3) The Department applied the criteria in CMC 17.20.030 and determined that the scope of the requested revisions placed the proposal in the “major revision” category. (Exhibit 1) The revisions sought by Tritic are:
HEARING EXAMINER DECISION
RE: LU11-0012/2106 (Woodbridge Major Revision)
December 19, 2011
Page 3 of 15

A. Reduction in the number of proposed lots from eight (8) to six (6). (Cf. Exhibits 3 and 5) This revision will reduce the net number of new lots from seven (7) to five (5). (The subject property contains one single-family residence. (Exhibit 4, Finding of Fact 1)) This revision will commensurately reduce the site’s development density and increase the plat’s average lot size; the latter will go from 4,867 square feet (SF) to 8,552 SF. (Exhibits 1 {p. 6} and 4 {Finding of Fact 6}) As a consequence of the reduced number of lots, vehicular traffic volumes generated by Woodbridge will be reduced, traffic impact mitigation fees will be reduced, and the fee-in-lieu of recreation area will be reduced. (Exhibits 1, 14, and 18)

B. Elimination of proposed SE 255th Street. (Cf. Exhibits 3 and 5) Because SE 254th Street exists as a stub street just to the north of Woodbridge, City Staff have determined that elimination of SE 255th Street will have no adverse impact upon the area’s circulation system. (Testimony)

C. Termination of an associated Memorandum of Understanding.

Tritec and the City entered into a Memorandum of Understanding (MOU) on September 23, 2008, under which Tritec agreed to size the stormwater facility within Woodbridge to accommodate not only runoff generated within Woodbridge, but also runoff presently handled by the Prestige Parke facility. In return, the City agreed to accept a short subdivision application from Tritec to divide the present Prestige Parke stormwater tract into residential lots and, upon completion and acceptance of the new stormwater facility in Woodbridge, to deed over the Prestige Parke stormwater tract to Tritec.

(Exhibit 4, Finding of Fact 7, exhibit citation omitted to avoid confusion; Exhibit 6 is the MOU; the Prestige Parke stormwater detention facility is located across 155th Avenue SE from the Woodbridge site) On August 1, 2011, Tritec officially requested termination of the MOU and abandoned its proposal to subdivide Prestige Park’s detention site. (Exhibit 7 and testimony) The City Council unanimously voted to terminate the MOU at its December 13, 2011, meeting. (Testimony)

D. Revision to the plat’s stormwater control system. Because of the termination of the MOU and because of changed stormwater management standards, Tritec no longer proposes to construct a large detention facility along the site’s SE 256th Street frontage. The current plan will handle runoff from only Woodbridge. Tritec will provide a grassed bioswale within Tract A along the west boundary of the site and a grassed swale within the SE 256th Street right-of-way. As a consequence of the latter drainage control feature, the required right-of-way dedication along SE 256th Street is now six feet greater than originally required: 26 feet versus 20 feet. (Testimony; Cf. Exhibits 3 and 5)

3. Certain elements of the 2009 Woodbridge proposal remain:
A. 155th Avenue SE pavement width variance. In 2007, the City granted Tritec a variance from street construction standards regarding pavement width on 155th Avenue SE. (See Exhibit 4, Findings of Fact 3 and 4) That variance still applies: 155th Avenue SE will not have to be widened. (Exhibit 1)

B. Fire service impact mitigation. Woodbridge Condition 36 required Tritec to “exercise the voluntary agreement provisions of RCW 82.02.020 and voluntarily enter into a contractual agreement with Fire District #37” to offset fire service impacts. (Exhibit 4, p. 16) In fact, Tritec had entered into just such an agreement in June, 2006. (Exhibit 21) That agreement is still in force.

4. Code and standards changes since Woodbridge was originally submitted lead to additional changes in the current revision:

A. Chapter 18.45 CMC, Tree Preservation and Protection, was revised in 2008. Woodbridge no longer exceeds the threshold for applicability of that chapter’s regulations. The proposal is exempt from Chapter 18.45 CMC’s requirements. (Exhibit 1, p. 7)

B. The City currently uses the 2005 Department of Ecology Stormwater Manual; it used 1998 King County standards when Woodbridge was initially proposed. (Exhibit 1, p. 10, and testimony)

C. The City now has its own Transportation Impact Fee system rather than relying on the King County Mitigation Payment System. (Testimony)

5. Covington’s State Environmental Policy Act (SEPA) Responsible Official issued a threshold Determination of Nonsignificance (DNS) for the Woodbridge Major Revision on October 21, 2011. (Exhibit 10) No comments were submitted in response to issuance of the DNS. (Exhibit 1, p. 4)

6. As was the case with the original Woodbridge proposal, “[t]he Department Staff Report contains an exceptionally detailed, comprehensive analysis of the proposal’s conformance with all applicable review criteria.” (Exhibit 4, Finding of Fact 9, exhibit citations omitted to avoid confusion) The Department recommends approval of the major revision subject to 43 numbered conditions. (Exhibit 1, pp. 23 – 27)

During the hearing the Department requested two changes to its recommended conditions:

A. Recommended Condition 25. This condition would require undergrounding of all utilities along the site’s SE 256th Street frontage. A problem exists in that Comcast and the Kent School District presently have aerial fiber optic cables along that alignment. Generally speaking, splicing fiber optic cables is not desirable. The existing cables cannot be
undergrounded without being spliced because the run from aerial to underground on one side of the site, then across the site underground, and then back up the pole on the other side of the site is longer than the current cable. Because of uncertainty as to whether splicing will be allowed, the Department asks that the phrase "unless otherwise approved by the City Engineer" be appended to the condition. (Testimony)

B. Recommended Condition 38. When it was pointed out that this condition is a verbatim duplicate of the last sentence of Recommended Condition 37, the Department asked that it be deleted. (Testimony)

7. The Department’s recommended conditions (Exhibit 1, pp. 23 – 27) carry forward most of the conditions on the current Woodbridge approval (Exhibit 4, pp. 12 – 16). The differences (excluding minor verbiage changes and updated language reflecting new code provisions) with a discussion of each follow:

A. Existing Condition 1. The Department did not carry this condition forward. This condition identifies a specific exhibit as the plat which has been approved. The Examiner finds and concludes, as he did in 2009, that such a reference in the conditions is vitally important. (See Exhibit 4, Conclusion of Law 9.A.)

B. Existing Condition 2. This condition is unnecessary as the SEPA threshold determination process in the present case resulted in a simple DNS rather than an MDNS as was the case in 2009: There are no mitigation measures to carry forward. (Testimony)

C. Existing Conditions 4 and 5. These conditions relate to tree protection and replacement. As the major revision is exempt from current Chapter 18.45 CMC requirements, these conditions are not required. (Testimony)

D. Existing Conditions 15, 16, and 18. These drainage-related conditions are not required due to changes in the City’s drainage standards and requirements. (Testimony)

E. Existing Conditions 20 and 21. These engineering-related conditions are not required due to changes in the City’s engineering standards and requirements. (Testimony)

F. Existing Condition 23. This condition is not required as the major revision does not include construction of a new street. (Testimony)

G. Existing Condition 36. This condition is not required as Tritec has already entered into the fire service impact mitigation agreement required under this condition. (Exhibit 21)

H. Proposed Conditions 2, 14 – 18, 21, 27, 36, and 41 result from changes in City codes or standards since the original submittal of Woodbridge. (Testimony)
8. Tritec has no objection to any of the proposed conditions. (Testimony)

9. Any Conclusion of Law deemed to be a Finding of Fact is hereby adopted as such.

LEGAL FRAMEWORK

The Examiner is legally required to decide this case within the framework created by the following principles:

Authority

A major revision to an approved preliminary subdivision is a Type 3 land use application which is subject to an open record hearing before the Examiner. The Examiner makes a final decision on the application which is subject to the right of reconsideration and appeal to Superior Court. [CMC 14.30.040, CMC 14.30.050, CMC 17.20.030(1), and Hearing Examiner Rule of Procedure (RoP) 2.27]

Review Criteria

A major revision to an approved preliminary subdivision is required to meet the criteria for approval of a preliminary subdivision. [CMC 17.20.030(1)] The review criteria for a preliminary subdivision are set forth at CMC 17.15.060 which includes, by reference, the review criteria of Chapter 58.17 RCW. Sections 58.17.100, .110, .120 and .195 RCW set forth the basic criteria to be applied when considering preliminary subdivision applications. A subdivision application must be evaluated against each criterion.

A. Section 58.17.100 RCW provides that the city shall “assure conformance of the proposed subdivision to the general purposes of the comprehensive plan and to planning standards and specifications as adopted by the city …. ” Section 58.17.195 RCW states that

[n]o plat or short plat may be approved unless the city … makes a formal written finding of fact that the proposed subdivision or proposed short subdivision is in conformity with any applicable zoning ordinance or other land use controls which may exist.

If a favorable conclusion on the criteria within RCW 58.17.100 cannot be reached, then the application may be denied; if a favorable conclusion on the criteria within RCW 58.17.195 cannot be reached, then the application cannot be approved.

B. Section 58.17.110 RCW requires that a proposed preliminary subdivision shall not be approved unless the city … makes written findings that: (a) Appropriate provisions are made for the public health, safety, and general welfare and for such

---

3 Any statement in this section deemed to be either a Finding of Fact or a Conclusion of Law is hereby adopted as such.
open spaces, drainage ways, streets or roads, alleys, other public ways, transit stops, potable water supplies, sanitary wastes, parks and recreation, playgrounds, schools and schoolgrounds and all other relevant facts, including sidewalks and other planning features that assure safe walking conditions for students who only walk to and from school; and (b) the public use and interest will be served by the platting of such subdivision …. 

[RCW 58.17.110(2)] If a favorable conclusion on the criteria within RCW 58.17.110 cannot be reached, then the application “shall not be approved”. [RCW 58.17.110(2)]

C. Section 58.17.120 RCW authorizes the city to

disapprove a proposed plat because of flood, inundation, or swamp conditions. Construction of protective improvements may be required as a condition of approval, and such improvements shall be noted on the final plat.

No plat shall be approved by any city … covering any land situated in a flood control zone … without the prior written approval of the Department of Ecology of the state of Washington.

[Note: State flood control zones were abolished by the legislature in 1987; see decodified RCW 86.16.060.] If a favorable conclusion on the criteria within RCW 58.17.120 cannot be reached, then the application may be denied.

The Local Project Review Act [Chapter 36.70B RCW] establishes a mandatory “consistency” review for “project permits”, a term defined by the Act to include “building permits, subdivisions, binding site plans, planned unit developments, conditional uses, shoreline substantial development permits, site plan review, permits or approvals required by critical area ordinances, site-specific rezones authorized by a comprehensive plan or subarea plan.” [RCW 36.70B.020(4)]

(1) Fundamental land use planning choices made in adopted comprehensive plans and development regulations shall serve as the foundation for project review. The review of a proposed project’s consistency with applicable development regulations or, in the absence of applicable regulations the adopted comprehensive plan, under RCW 36.70B.040 shall incorporate the determinations under this section.

(2) During project review, a local government or any subsequent reviewing body shall determine whether the items listed in this subsection are defined in the development regulations applicable to the proposed project or, in the absence of applicable regulations the adopted comprehensive plan. At a minimum, such applicable regulations or plans shall be determinative of the:

(a) Type of land use permitted at the site, including uses that may be allowed under certain circumstances, such as planned unit developments and conditional and special uses, if the criteria for their approval have been satisfied;
(b) Density of residential development in urban growth areas; and
(c) Availability and adequacy of public facilities identified in the comprehensive plan, if the plan or development regulations provide for funding of these facilities as required by [the Growth Management Act].

[RCW 36.70B.030]

Vested Rights
"An application for a major revision shall be treated as a new application for purposes of vesting", [CMC 17.20.030(1)] The City has no general vesting regulations. The City has no general vesting regulations. Subdivision and short subdivision applications are governed by a statutory vesting regulation: such applications “shall be considered under the subdivision or short subdivision ordinance, and zoning or other land use control ordinances, in effect on the land at the time a fully completed application … has been submitted …” [RCW 58.17.033] Therefore, this application is subject to those land development regulations in effect on August 29, 2011.

Standard of Review
The standard of review is preponderance of the evidence. The applicant has the burden of proof.

Scope of Consideration
The Examiner has considered: all of the evidence and testimony; applicable adopted laws, ordinances, plans, and policies; and the pleadings, positions, and arguments of the parties of record.

CONCLUSIONS OF LAW

1. The Examiner concluded in 2009 that Woodbridge complied with all applicable criteria for approval and passed the “consistency test”. (Exhibit 4, Conclusions of Law 1 – 8) The question before the Examiner in the current proceeding is whether the requested changes alter those conclusions.

2. The short answer is that elimination of two lots, elimination of the proposed internal stub street, and revision of the stormwater control system do not alter compliance with the criteria for approval or the concurrency test. While major in a regulatory sense under CMC 17.20.030(1), the reality is that the changes lessen the impacts of the subdivision, not increase them.

3. Therefore, the Examiner again concludes that Woodbridge as revised complies with all criteria for approval and should be approved.

---

4 The vesting regulations in former CMC 14.30.070 were repealed and replaced with an entirely different topic.
4. The recommended conditions of approval as set forth in Exhibit 1 are reasonable, supported by the evidence, and capable of accomplishment with the following changes:

A. Findings of Fact 6 and 7, above, mention a few changes. The discussion contained therein will not be repeated here.

B. Recommended Conditions 1 and 2 are essentially preamble conditions. As before, the Examiner prefers to place such material in a true preamble to the list of conditions.

C. Recommended Condition 3. This is essentially the same as Existing Condition 3, updated to reflect the state's amendments to RCW 58.17.140. In hindsight, both the existing condition and the current proposed condition are not completely accurate as neither mentions the fact that both state law and the CMC authorize an additional time extension beyond the standard term of preliminary plat approval. The Examiner will add some verbiage to correct that deficiency.

D. A few minor, non-substantive structure, grammar, and/or punctuation revisions to the Recommended Conditions will improve parallel construction, clarity, and flow within the conditions. Such changes will be made.

5. Any Finding of Fact deemed to be a Conclusion of Law is hereby adopted as such.

DECISION

Based upon the preceding Findings of Fact and Conclusions of Law, the testimony and evidence submitted at the open record hearing, and the Examiner's site view, the Examiner GRANTS the requested Woodbridge Major Revision SUBJECT TO THE ATTACHED CONDITIONS. This approval supersedes the February 5, 2009, approval of Woodbridge under city file number LU06-0080/2106.

Decision issued December 19, 2011.

Per CMC 12.105.070, these fees will be calculated according to the fee schedule in effect at the time of building permit application. Modifications to the project including, but not limited to, a change in or the addition or deletion of other uses, may result in a recalculation of the TIF at the discretion of the City of Covington. Any credits applied to the TIF fee calculations shall be in accordance with CMC 12.105.140. The individual single family residential TIF fee shall be paid at the time of building permit issuance for each building. Based on five (5) new lots the TIF Fee would be approximately $21,890.00, plus administrative fees. The developer shall pay all applicable administrative fees associated with the payment. 31. The developer shall submit for review and approval a detailed grading and engineering plan for the roads, utilities and individual lots. The final engineering plans shall be reviewed and approved by the City, and shall be implemented as part of the plat development. Revisions to the approved engineering plans must be submitted in writing and approved by the City’s Development Review Engineer.

32. The developer shall provide a detailed grading plan that indicates finish floor elevations, driveway grades, slopes, proposed walls and other topographic features. In addition, any walls needed for the construction of the homes shall be considered during the engineering phase and constructed accordingly. This grading plan shall be incorporated into the engineering review plans. Any wall located on a future single-family lot shall be constructed no higher than 4 feet. Walls constructed higher than 4 feet shall be required to obtain a separate building permit and approval by the City Development Review Engineer.

A note shall be included on the final plat identifying these systems and that the homeowner will be responsible for maintenance.
34. The developer shall be responsible for obtaining any necessary state and federal permits and approvals for the project, and is responsible for complying with any conditions of approval placed on these or other state or federal permits or approvals, and for submitting revised drawings to the City for its review and approval, if necessary to reflect these state or federal conditions of approval.

35. The site shall provide adequate water supply for fire protection during construction in accordance with the provisions of CMC 15.20.470, and as required by the Fire Marshal’s office.

36. The developer shall be required to pay applicable school impact fees per lot plus adopted City administrative fees to offset the project’s impact on the local school system in accordance with CMC 18.120.050. School Impact Fees are not vested and are assessed at the rate in effect at the time of payment. The developer may pay 50% of the required school impact fee at final plat approval and defer the remaining 50% to be paid at the time of building permit issuance, or 100% of the fee can be assessed per lot/unit at the time of building permit issuance. A note shall be provided on the final plat indicating the percentage of the fee required to be paid based on the developer’s chosen option.

The notice shall remain in place until the developer has received written notice authorizing the sign’s removal.

39. The developer or contractor shall post and maintain financial guarantee and liability insurance for the period of time the permit is in effect or otherwise determined by the City, in accordance with CMC 14.105.

40. All improvements and amenities required for the project shall be completed or financially assured and completed within one year of final plat approval.

SUBJECT: AUTHORIZE THE CITY MANAGER TO EXECUTE AN AGREEMENT FOR SERVICES WITH OLYMPIC ENVIRONMENTAL RESOURCES RELATING TO RECYCLING COLLECTION EVENTS FOR 2013.

RECOMMENDED BY: Glenn Akramoff, Public Works Director

ATTACHMENT(S):
1. Agreement for Services with Olympic Environmental Resources

PREPARED BY: Shellie Bates, Office Supervisor/Public Works

EXPLANATION:
The City applied for and received three grants to implement recycling collection events in 2013. Staff selected Olympic Environmental Resources (OER) as the most qualified to perform the work. This proposed contract recognizes the expanded scope of work to include the additional King County funds and the addition of adjacent unincorporated King County residents in the 2013 Recycling Collection Events. The agreement is from January 1, 2013 through December 31, 2013. This contract is an integral part of the City of Covington’s recycling element of the overall solid waste management program because the City of Covington does not have adequate staffing or expertise to implement the programs without outside assistance.

ALTERNATIVES:
Choose not to authorize the City Manager to enter into the agreement and thereby decline to implement the recycling collection events with grants from King County and Department of Ecology.

FISCAL IMPACT:
There is no net cost to the City of Covington. By combining funds from three grants, the City is able to provide the recycling programs by contracting with a private company for provision of the services with 100% of the costs, including city staff time, eligible for reimbursement from the various granting agencies.

CITY COUNCIL ACTION: ___Ordinance ___Resolution  X  Motion ___Other

Councilmember ________________ moves, Councilmember ________________ seconds, to authorize the City Manager to execute an Agreement for Services with Olympic Environmental Resources, relating to recycling collection events for 2013.

REVIEWED BY: City Manager, City Attorney, Finance Director
THIS AGREEMENT FOR SERVICES is entered into this _____ day of December, 2012, by and between the City of Covington ("City"), a Washington municipal corporation, and Olympic Environmental Resources ("Consultant"), a corporation.

REQUITALS:

A. The City seeks the temporary services of a skilled independent contractor capable of working without direct supervision to perform the coordination of the City of Covington recycling events on behalf of the citizens of Covington; and

B. The Consultant has the requisite skill and experience necessary to provide said services; and

C. The City has selected the Consultant to perform said services; and

D. The purpose of this Agreement is to establish the terms and conditions under which the Consultant will perform said services.

1. Engagement. The City, acting pursuant to its vested authority, does hereby engage the Consultant and the Consultant does hereby agree to perform on behalf of the City the services more particularly described herein.

In performing the Services, the Consultant shall comply with all federal, state and local laws and regulations, including, without limitation, all City codes, ordinances, resolutions, standards and policies, as now existing or hereafter adopted or amended, that may be applicable to its performance. To the extent required by law, the Contractor and all subcontractors shall pay no less than the prevailing wage rate to employees performing work under this contract and shall submit a “Statement of Intent to Pay Prevailing Wages” and an “Affidavit of Wages Paid” in compliance with RCW 39.12.

3. Term of Agreement. This Agreement shall be in full force and effect for a period commencing upon execution and ending upon the completion of the Services, but in any event no later than December 31, 2013 (“Term”), unless earlier terminated under the provisions of this Agreement. This Agreement may be extended for additional periods of time upon the mutual written agreement of the City and the Consultant. Time is of the essence in each and every term of this Agreement.
4. **Compensation and Method of Payment.**

4.1 **Compensation.** In consideration of the Consultant performing the Services, the City agrees to pay the Consultant an amount not to exceed $48,680.02.

4.2. **Method of Payment.** Payment by the City for the Services will only be made after the Services have been satisfactorily performed, a voucher or invoice is submitted in a form acceptable to the City, and the same is approved by the appropriate City representative. Payment shall be made no later than ten days after City Council approval of the invoiced amount.

4.3 **First Invoice.** Prior to or along with the first invoice submitted, the Consultant shall return to the City a completed ‘Request for Taxpayer Identification Number and Certification’, also known as IRS form W-9.

4.4 **Consultant Responsible for Taxes.** The Consultant shall be solely responsible for the payment of any taxes imposed by any lawful jurisdiction as a result of the performance and payment of this Agreement.

5. **Warranty.** The Consultant warrants that it has the requisite training, skill and experience necessary to provide the Services and is appropriately accredited and licensed by all applicable agencies and governmental entities, including but not limited to being registered to do business in the City of Covington by obtaining a City of Covington business license. The Consultant shall be responsible for the professional quality, technical adequacy and accuracy, timely completion and coordination of all plans, designs, drawings, specifications, reports and other services prepared or performed pursuant to this Agreement. The Consultant shall perform its work in accordance with the requirements of this Agreement and pursuant to the standards of professional care, skill, diligence and competence as are normally exercised by other members and/or firms of the profession in good standing working under the same or similar conditions and circumstances and in similar communities as the services provided by the Consultant under this Agreement. The Consultant shall be responsible for the professional standards, performance and actions of all persons and firms performing work pursuant to this Agreement on behalf of Consultant. The City shall also have the right to deduct from payments to the Consultant any costs or damages incurred by the City, or which may be incurred by the City, as a result of the Consultant's failure to comply with the requirements of the Agreement or failure to meet the professional standard of care and skill, or both. The City's approval of plans, drawings, designs, specifications, reports and other products of the professional services rendered hereunder shall not in any way relieve the Consultant of responsibility for the technical adequacy or accuracy thereof. Neither the City's review, approval, acceptance of, and/or payment for any services shall be construed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement.

6. **Ownership and Use of Documents.** Any and all original and copies of records, reports, designs, files, documents, drawings, specifications, data or information, regardless of form or format, and all other materials prepared or produced by the Consultant in connection with the Services shall be the property of the City whether the project for which they were created is executed or not. At the termination or cancellation of this Agreement, any and all such records or information remaining in the possession of the Consultant shall be delivered to the City. No confidential information obtained or created by Consultant shall be disclosed to any person or party other than the City without the City's prior written consent.
7. **Independent Contractor.** It is the intention and understanding of the City and the Consultant that the Consultant shall be an independent contractor and that the City shall be neither liable nor obligated to pay the Consultant sick leave, vacation pay or any other benefit of employment. The Consultant shall pay all income and other taxes due. Industrial or any other insurance that is purchased for the benefit of the City, regardless of whether such may provide a secondary or incidental benefit to the Consultant, shall not be deemed to convert this Agreement to an employment contract. The Consultant will be solely responsible for its acts and for the acts of its agents, employees, sub consultants or representatives during the performance of this Agreement. Nothing in this Agreement shall be considered to create the relation of employer and employee or principal and agent between the parties hereto. The Consultant shall have the sole judgment of the means, mode or manner of the actual performance of this Agreement. The Consultant, as an independent contractor, assumes the entire responsibility for carrying out and accomplishing this Agreement.

8. **Indemnification.** To the maximum extent permitted by law, Consultant shall defend, indemnify and hold harmless the City and all of its officials, employees, principals and agents from all claims, demands, suits, actions, and liability of any kind, including injuries to persons or damages to property, which arise out of, are connected with, or are due to any errors, omissions or negligent acts of Consultant, its contractor, and/or employees, agents, volunteers or representatives in performance of this Agreement; provided, however, that if (and only if) the provisions of RCW 4.24.115 apply to the work and services under this Agreement and any such damages and injuries to persons or property are caused by or result from the concurrent negligence of Consultant, its contractor or employees, agents, volunteers or representatives and the City or its employees, agents, or representatives, the indemnification applies only to the extent of the negligence of Consultant, its contractor or employees, volunteers, agents, or representatives. In the event of any such claims, demands, suits, actions, and lawsuits, Consultant shall assume all costs of defense thereof, including administrative and legal fees incurred by the City, and of all resulting judgments that may be obtained against the City or any of its officers, principals, agents, or employees. If resulting there from, any lien is placed upon property of the City or any of its officers, principals, agents, or employees, Consultant shall at once cause the same to be dissolved and discharged by giving bond or otherwise. Consultant specifically assumes potential liability for actions brought by Consultant's own employees against the City and for that purpose Consultant specifically waives, as respects the City only, any immunity under the Worker's Compensation Act, RCW Title 51; and Consultant recognizes that this waiver was the subject of mutual negotiation and specifically entered into pursuant to the provision of RCW 4.24.115, if applicable. In the event either party incurs attorney's fees, costs or other legal expenses to enforce the provisions of this section against the other party, all such fees, costs and expenses shall be recoverable by the prevailing party.

The provisions of this Section shall survive any expiration or termination of this Agreement.

9. **Insurance.** The Consultant shall procure and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damage to property which may arise from or in connection with the performance of work hereunder by the Consultant, its agents, representatives or employees. Consultant's maintenance of insurance as required by the agreement shall not be construed to limit the liability of the Consultant to the coverage provided by such insurance, or otherwise limit the City's recourse to any remedy available at law or in equity. The Consultant shall at a minimum obtain and carry the following insurance in such forms and with such carriers who have a rating satisfactory to the City:
9.1 Workers' compensation and employer's liability insurance in amounts sufficient pursuant to the laws of the State of Washington;

9.2 Commercial general liability insurance covering liability arising from premises, operations, independent contractors, personal injury and advertising injury and written on ISO occurrence form CG 00 01 with combined single limits of liability not less than $1,000,000 each occurrence, $2,000,000 general aggregate for bodily injury, including personal injury or death, products liability and property damage.

9.3 Automobile liability insurance covering all owned, non-owned, hired and leased vehicles and written on Insurance Services Office (ISO) form CA 00 01 or a substitute form providing equivalent liability coverage with combined single limits of liability not less than $1,000,000 per accident for bodily injury, including personal injury or death and property damage. If necessary, the policy shall be endorsed to provide contractual liability coverage.

9.4 Professional liability insurance covering any negligent professional acts, errors or omissions for which the Consultant is legally responsible and with combined single limits of liability not less than $1,000,000 per claim and $1,000,000 policy aggregate limit for damages sustained by reason of or in the course of operation under this Agreement.

The City shall be named as additional insured on all such insurance policies, with the exception of professional liability and workers' compensation coverage(s) if the Consultant participates in a state-run workers' comp program. The Consultant shall provide original certificates of insurance and a copy of the amendatory endorsement, concurrent with the execution of this Agreement, evidencing such coverage and, at City's request, furnish the City with copies of all insurance policies and with evidence of payment of premiums or fees of such policies. Insurance is to be placed with insurers with a current A.M. Best rating of not less than A:VII. All insurance policies shall contain a clause of endorsement providing that they may not be terminated or materially amended during the Term of this Agreement, except after thirty (30) days prior written notice to the City. If the Consultant's insurance policies are "claims made," the Consultant shall be required to maintain tail coverage for a minimum period of three (3) years from the date this Agreement is actually terminated or upon project completion and acceptance by the City. The Consultant's failure to maintain such insurance policies shall be grounds for the City's immediate termination of this Agreement.

The provisions of this Section shall survive the expiration or termination of this Agreement with respect to any event occurring prior to such expiration or termination.

10. **Books and Records.** The Consultant agrees to maintain books, records, and documents which sufficiently and properly reflect all direct and indirect costs related to the performance of the Services and maintain such accounting procedures and practices as may be deemed necessary by the City to assure proper accounting of all funds paid pursuant to this Agreement. These records shall be subject, at all reasonable times, to inspection, review or audit by the City, its authorized representative, the State Auditor, or other governmental officials authorized by law to monitor this Agreement.
11. **Termination.**

11.1 Prior to the expiration of the Term, this Agreement may be terminated immediately, with or without cause, by the City. In the event of termination or suspension, all finished or unfinished documents, data, studies, worksheets, models, reports or other materials prepared by the Consultant pursuant to this Agreement shall be submitted to the City within five days of the date of termination.

11.2 In the event this Agreement is terminated or suspended, the Consultant shall be entitled to payment for all services satisfactorily performed and reimbursable expenses incurred to the date of termination.

11.3 This provision shall not prevent the City from seeking any legal remedies it may otherwise have for the violation, default, or nonperformance of any provision of this Agreement. The remedies provided in this paragraph shall be in addition to any other remedy the City may have at law or in equity.

12. **Discrimination.** In all Consultant services, programs or activities, and all Consultant hiring and employment made possible by or resulting from this Agreement, there shall be no discrimination by the Consultant or by the Consultant's employees, agents, subcontractors or representatives against any person because of sex, age (except minimum age and retirement provisions), race, color, creed, national origin, marital status or the presence of any disability, including sensory, mental or physical handicaps, unless based upon a bona fide occupational qualification in relationship to hiring and employment. This requirement shall apply, but not be limited to the following: employment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The Consultant shall not violate any of the terms of Chapter 49.60 RCW, Title VII of the Civil Rights Act of 1964, the Americans With Disabilities Act, Section 504 of the Rehabilitation Act of 1973 or any other applicable federal, state or local law or regulation regarding non-discrimination. Any material violation of this provision shall be grounds for termination of this Agreement by the City and, in the case of the Consultant's breach, may result in ineligibility for further City agreements.

13. **Assignment and Subcontract.** The Consultant shall not assign or transfer any interest in this Agreement or subcontract any portion of the services contemplated hereunder without the prior written consent of the City.

14. **Conflict of Interest.** The Consultant represents to the City that it has no conflict of interest in performing any of the services described herein. It is recognized that the Consultant may or will be performing services during the Term for other parties; provided, however that such performance of other services shall not conflict with or interfere with the Consultant's ability to perform the Services. In the event that the Consultant is asked to perform services for a project with which it may have a conflict, the Consultant shall immediately disclose such potential conflict to the City. The Consultant agrees to resolve any actual conflicts of interest in favor of the City.

15. **Confidentiality.** All information regarding the City obtained by the Consultant and designated by the City as confidential in the performance of this Agreement shall be considered confidential. Breach of confidentiality by the Consultant shall be grounds for immediate termination of this Agreement.
16. **Non-appropriation of Funds.** If sufficient funds are not appropriated or allocated for payment under this Agreement for any future fiscal period, the City will so notify the Consultant and shall not be obligated to make payments for services or amounts incurred after the end of the City's current fiscal period. This Agreement shall terminate upon the completion of all remaining services for which funds are allocated. No penalty or expense shall accrue to the City in the event that the terms of this provision are effectuated.

17. **Entire Agreement.** This Agreement, including the exhibits attached hereto, constitutes the entire agreement between the parties with respect to the subject matter of this Agreement. There are no promises, terms, conditions or obligations other than those contained herein, and this Agreement shall supersede all previous communications, negotiations, representations or agreements, either verbal or written, between the parties hereto concerning the subject matter of this Agreement.

18. **Amendment.** This Agreement may not be modified or amended except by writing signed by all parties hereto.

19. **No Waiver.** Failure or delay of the City to declare any breach or default immediately upon occurrence shall not waive such breach or default. Failure of the City to declare one breach or default does not act as a waiver of the City's right to declare another breach or default.

**Scope of Services**

This Scope of Work is intended to detail Olympic Environmental Resource’s (OER) services and responsibilities in implementing City of Covington Recycling Projects. In 2013, OER will implement two Residential Recycling Collection Events and one Business Recycling Collection Event. The proposed projects include:

**Residential Recycling Events**

The events are tentatively scheduled for spring (April, May) and fall (September, October) of 2013. At one or all events the following materials will be collected and recycled: used tires, used anti-freeze, used petroleum-based products, used oil filters, used motor oil, bulky yard waste (large material only), scrap wood, appliances (including refrigerators, freezers, household air conditioners, and other appliances), computer/electronic equipment, ferrous metals, nonferrous metals, textiles, reusable or recyclable household goods, porcelain toilets and sinks, propane tanks, and other materials whenever practical. User fees will apply to the collection of some materials. In 2013, the Covington Recycling Collection Events will include area residents living in unincorporated King County.

**Business Recycling Event**

To address the situation that many Covington businesses have of keeping/storing recyclable materials, the OER will implement a Covington Recycling Business Collection Event. The purpose will be to allow for the collection of recyclables that would otherwise not be collected. Many small businesses do not generate enough of a particular material to retain a service provider, so they store the material. Other businesses generate materials that there are not service providers readily available. To help City businesses recycle more material, the OER will implement a one-day event to collect and recycle a variety of materials from Covington businesses. The City will co-host this event with the City of Maple Valley.

OER wishes to involve the Covington staff at the level most comfortable for the City. OER will meet with the City of Covington staff at any time during the project for updates on activities or will pursue activities independently if desired by the City.

The project budget will incorporate the City of Covington grant funds available from the Seattle-King County Health Department, King County Solid Waste Division, and the Washington State Department of Ecology. Project grant funds total $48,680.02 in 2013 and include all items that will be paid for directly by the City, including City staff time. The specific project activities to be carried out by OER are detailed in the grant scopes of work. OER will cover project expenses as they arise, such as the costs of printing and vendor services. OER will request reimbursement of staff time and expenses on a monthly basis with thirty-day (30) payment terms. OER will assist the City in requesting reimbursement for these costs from the King County Solid Waste Division, Seattle-King County Health Department, and the Washington State Department of Ecology.
OER’s goal is to conduct events with very limited City staff time and no net City cost. However, there are a number of “official acts” necessary for the City to bring the program online:

- Sign and submit letters of intent.
- Review and submit program scopes of work.
- Sign necessary grant agreements.
- Keep OER informed of any changes made to grant agreements.
- Reimburse OER for staff time and expenses from grant funding.

Recycling related programs continue on an annual basis. OER will continue to provide service to the City of Covington until the City decides to no longer participate. We ask that you provide thirty-day (30) notice to discontinue services.

2013 Covington Recycling Grants

The City of Covington is eligible and has applied for the following grants. It is expected that no non-grant City funds will be expended on recycling projects in 2013. The City has applied for the following:

1) King County Local Hazardous Waste Management Plan Grant.  
   2013 grant total - $8,943.02

2) Washington State Department of Ecology Coordinated Prevention Grant.  
   2013 grant total - $14,015.00

3) King County Waste Reduction and Recycling Grant Program.  
   2013 grant total - $25,722.00

TOTAL: $48,680.02
SUBJECT: PROPOSED ORDINANCE ADOPTING A 2012 BUDGET AMENDMENT

ATTACHMENT(S):  
1. Proposed ordinance with exhibits

RECOMMENDED BY: Rob Hendrickson, Finance Director

EXPLANATION:  
It is the policy of the city and a requirement of the state auditor and state law to correctly report the budget at year end and account for all changes.

After the November expenditure reports are completed and the financial reports are finalized, staff reviews the year end changes that have occurred in revenues, expenditures, fund balances, and operating transfers. If there are substantive changes that impact the original budget estimates, they are brought forward in the form of amendments to the original budget. This is an annual occurrence due to the changing nature of the budget.

All funds are being amended to reflect the actual audited beginning fund balances. The General Fund, Parks and Recreation Fund, Street Fund, Surface Water Management Fund, Capital Investment Program Fund and Equipment Replacement Fund, are being amended to reflect unanticipated grant proceeds and related expenditures. In addition, the General Fund, Parks and Recreation Fund, Street Fund, Surface Water Management Fund, Capital Investment Program Fund, Cumulative Reserve Fund, Real Estate Excise Tax Fund 1st Qtr, and Real Estate Excise Tax 2nd Qtr Fund are being amended to account for transfers between funds.

Staff recommends that this ordinance be adopted as presented, as it is a fair and accurate assessment of the anticipated year end revenues, expenditures, operating transfers and fund balances based on current relevant information.

Failure to adopt the budget amendment as presented or to make changes could result in unfavorable audit recommendations and/or findings.

ALTERNATIVES:
1.) The Council could elect to postpone or deny adopting this ordinance.
2.) The Council could make other amendments to the budget.

FISCAL IMPACT: As noted above

SUBJECT: AUTHORIZE THE CITY MANAGER TO EXECUTE AMENDMENT #2 TO AGREEMENT FOR SERVICES WITH BRICKMAN GROUP FOR LANDSCAPE MAINTENANCE.

RECOMMENDED BY: Glenn Akramoff, Public Works Director

ATTACHMENT(S):
1. Amendment #2 to Agreement for Services with Brickman Group
2. 2013 Landscape Budget

PREPARED BY: Shellie Bates, Office Supervisor/Public Works

EXPLANATION:
In December 2010 the City Council awarded the 2011 Landscape Maintenance Agreement to the lowest, most qualified bidder, Brickman Group, in an amount not to exceed $66,098.30 to perform landscape maintenance services in Covington as outlined in the agreement. In December of 2011 City Council approved Amendment #1 for a 4.3% CPI for an amount not to exceed $64,100. The scope of work was also modified.

As per Section 3 of the current agreement between the City of Covington and Brickman Group which states, “This contract may be renewed each December for the succeeding two (2) years (2012 and 2013) upon performance audit and approval by the City. The unit price of the contract will be adjusted each year using the Seattle-Tacoma Consumer Price Index – Urban (CPI-W) rate starting with October of 2011 as the initial benchmark and the rate in October in subsequent years to be applied in January of the next year.”

Based on the above criteria, Brickman Group has fulfilled their obligation under the terms of the agreement and staff recommends that the agreement be extended for 2013. The Consumer Price Index for Urban Wage Earners and Clerical Works (CPI-W) for Seattle-Tacoma-Bremerton, WA for October 2012 is 2.3 percent. With the rate adjusted as described it will be an increase of 2.3 percent for 2013.

The continuous level of landscape maintenance will provide a well maintained aesthetic downtown area, arterials and parks.

ALTERNATIVES:
Do not amend the existing landscape maintenance agreement and advertise the project for competitive bids. This alternative would impact the City with an interruption in the landscape maintenance service.
FISCAL IMPACT:
Amendment #2 adds the maintenance cost of the landscaping in front of the King County Library on SE 272nd Street for $65 per month ($780 per year). The 2013 basic contract amount for Landscape Maintenance is $66,416.76. The 2013 budget for this includes additional funds for optional maintenance practices as well as repairs to city landscaping and irrigation that typically happen during the year.

The 2013 budgeted amount for this service is $72,600 (Street Fund = $55,600, Park Maintenance Fund = $17,000).

PREPARED BY: Derek Matheson, City Manager

EXPLANATION:
The City Council adopts a legislative agenda every year. The attached draft is revised from 2012 to remove issues that have been resolved and add issues that have arisen.

Council discussed the draft at its November 13, 2012, meeting. Council deleted the reference to medical marijuana, which is reflected in Attachment 1. Council requested more information on a councilmember’s proposal to replace the phrase, “excluding [the Association of Washington Cities’] position on LEOFF 2 benefit enhancements” with “excluding AWC’s position on collective bargaining and pensions”. Briahna Taylor, our lobbyist from the firm Gordon Thomas Honeywell, will participate by telephone to explain AWC’s position and respond to councilmembers’ questions.

Staff will review the agenda with 47th District legislators prior to the 2013 session.

ALTERNATIVES:
1. Provide alternate direction to staff.

FISCAL IMPACT: Staff time

CITY COUNCIL ACTION: _____ Ordinance _____ Resolution  X  Motion  _____ Other

Councilmember __________ moves, Councilmember __________ seconds to adopt the 2013 Legislative Agenda.

REVIEWED BY:
The City of Covington will actively lobby the following issues:

- **Joint Legislative Agenda**: The cities of Black Diamond, Covington, and Maple Valley will continue to advocate jointly for federal and state funding for State Route 169 and State Route 516 improvements and for transit alternatives in the three rapidly growing communities.

- **State-Shared Revenues**: Retain state-shared revenues including liquor license fees and taxes.

- **Project-Specific Funding Requests**: Retain/enhance/seek funding for the following projects, in priority order:
  1. SR 516, Jenkins Creek to 185th Avenue SE
  2. Covington Community Park, Phase II
  3. Covington Town Center Economic Impact & Infrastructure Cost Study

- **Infrastructure Funding**: Support increased funding for cities’ infrastructure design and construction needs, including but not limited to the surface transportation program (MAP-21) and Land & Water Conservation Fund (LWCF) at the federal level; and the Washington Wildlife and Recreation Program (WWRP), Public Works Trust Fund (PWTF), street utility concept, and transportation-package discussions at the state level.

The City of Covington will support efforts by others to lobby the following issues:

- **Economic Development Funding**: Support constitutional amendments and/or legislation to create pure tax increment financing. Support funding for the Local Infrastructure Financing Tool (LIFT) and Local Revitalization Financing (LRF) programs. Support efforts to make LIFT and LRF simpler, more flexible, and user-friendlier.

- **Tax Exemptions**: Exempt cities’ capital projects from the sales tax, and exempt utility and enterprise revenues from the state business and occupations tax.

- **Simple Majority**: Support legislation to replace the supermajority threshold (60%) with a simple majority threshold (50%) for local government bond and levy elections.

- **Unfunded Mandates**: Oppose unfunded and under-funded mandates on local government. Support funding for existing mandates including the National Pollution Discharge Elimination System (NPDES) requirements.

- **Urban Growth Areas**: Provide cities time to annex adjacent land after a county classifies it as urban but before development may occur.

- **Rail & Transit**: Support Auburn’s efforts to secure an Amtrak stop, and support other parties’ rail advocacy efforts when helpful to Southeast King County’s rail and transit advocacy efforts.

- **AWC & SCA Legislative Programs**: Support the Association of Washington Cities (AWC) and Suburban Cities Association (SCA) legislative programs, excluding AWC’s position on LEFF 2 benefit enhancements. Support other local government professional associations’ legislative programs when consistent with the aforementioned programs.¹

¹ In event of conflict, the order of precedence is 1) Covington, 2) SCA, 3) AWC, 4) others
SR 516 from Jenkins Creek to 185th Ave. SE
The City of Covington respectfully requests $13.2 million to fund State Route 516
Jenkins Creek - 185th Ave. SE

Project Highlights
Improving SR 516 from Jenkins Creek to 185th will spur economic and residential development in eastern Covington and remove a significant bottleneck for traffic coming into downtown Covington. The project will widen SR 516 to five lanes from Jenkins Creek to 185th Ave. SE, and widen the Jenkins Creek stream crossing and improve the culvert for stream habitat and fish passage.

Project Benefits
- Widens SR 516 from a two-lane rural section to a five-lane urban arterial to address traffic bottleneck.
- Adds sidewalks along the state highway to accommodate pedestrians and facilitate a walking community.
- New structure over stream will accommodate high water flows during storm events.
- Stream crossing will include design features for salmon and stream habitat.
- Improves the safety and visibility of the roadway with new street lighting.
- Medians and u-turns will control access, improve safety, and maintain access to businesses.
- Landscaping strips between the curb and sidewalk will separate pedestrians from motorists.

Funding Partnership
The City of Covington respectfully requests that the state contribute $13.2 million to improve SR 516 from Jenkins Creek to 185th Ave SE. Recognizing the positive impact that SR 516 improvements have on the city, Covington has already invested $2.3 million of local funding to improve SR 516. As a state highway, SR 516 would traditionally be the state’s responsibility to maintain and improve. The City has chosen to share this obligation with the state, and is now asking the state to contribute funding to move the project forward.

Covington Community Park Construction

The City of Covington respectfully requests $2.6 million in capital funding for Covington Community Park

Project Highlights
Phase II of Covington Community Park will provide the city’s first and only community event stage, group picnic shelters, outdoor exercise equipment and tennis courts, along with associated parking and an extended trail system that connects with the Green-to-Cedar regional trail leading to Flaming Geyser State Park.

Project Need
In a recent community survey, community events along with health and fitness programs were highly rated needs. The phase II construction project provides important local facilities so families and youth living in the fast growing Covington community don’t need to travel to neighboring cities for recreational opportunities.

Funding Details
Covington has worked hard to fund its community park through partnerships with the state and local partners. The first phase of the project was funded with $2.2 million in local resources and state funding. Previous city park projects have been funded entirely by local resources. The requested $2.6 million state capital investment will be the last allocation of funding needed before construction begins for phase II of the project. The City can adapt the construction schedule to accommodate a smaller amount of funding if the full request is not available.

Briefing Sheet

Town Center Economic Impact & Infrastructure Cost Study
The City of Covington respectfully requests $50,000 to complete a Town Center Study

Project Highlights
With its birth as an unincorporated community crossroads, Covington naturally evolved as a retail shopping area oriented to vehicular travel and was not developed with complete transportation systems or a true downtown. Since incorporation, the community has consistently expressed the desire for a central gathering place.

The town center will offer:
- A traditional “main street” with slow-moving traffic and on-street parking.
- A public plaza for local events, celebrations, and cultural activities.
- A civic center with mixed-use, multiple-story buildings.
- Opportunities for private development, including retail, office, and residential development in mixed-use and stand-alone formats.

Project Need & Benefits
The city is seeking $50,000 for a Town Center Economic Impact & Infrastructure Cost Study. This study will determine the town center concept’s economic impact (including job creation and tax revenue generation) and infrastructure costs. The information will position the city to seek the grants necessary to fund town center infrastructure and catalyze private investment.

Funding Details
This project is currently unfunded.

Project Schedule
Dependent on funding.

Memorandum

To: Derek Matheson, City Manager  
From: Briahna Taylor, Senior Governmental Affairs Consultant 
Date: Prepared for the December 11th Council Discussion  
Subject: AWC Collective Bargaining & Personnel Issues

One of AWC’s major legislative priorities is:

“Pursue options for creating sustainable personnel related costs (such as changes to binding interest arbitration statutes, stabilizing pension contribution funding, and minimizing increases in Workers Compensation rates).”

Based on this position, AWC is proactive pursuing only one piece of legislation on binding interest arbitration. As other personnel-related bills are introduced, AWC may sign in and/or testify on the legislation as it is consistent with the above statement. I have included the specifics of the binding interest arbitration legislation below:

AWC worked with cities and human resources officers to develop a proposal on binding interest arbitration. Binding interest arbitration occurs when a public agency and union are in dispute over a collective bargaining agreement. Under current law, a panel of arbitrators considering a number of factors (see the attached statute).

AWC’s proposal would change these factors to include
- The budget priorities as determined by the governing body;
- Financial and budgetary constraints including but not limited to the designation of a reasonable operating reserve as established by the governing body.
- Internal equity within the organization.

The proposal also states that when looking at comparable employers, if there are an adequate number of comparable employers in Washington state, then other west coast employers may not be considered. Comparable employers are determined by population size, financial conditions, population demographics, workforce size, and assessed valuation.
41.56.465
Uniformed personnel — Interest arbitration panel — Determinations — Factors to be considered.

(1) In making its determination, the panel shall be mindful of the legislative purpose enumerated in RCW 41.56.430 and, as additional standards or guidelines to aid it in reaching a decision, the panel shall consider:

(a) The constitutional and statutory authority of the employer;

(b) Stipulations of the parties;

(c) The average consumer prices for goods and services, commonly known as the cost of living;

(d) Changes in any of the circumstances under (a) through (c) of this subsection during the pendency of the proceedings; and

EXPLANATION:
The City of Covington is currently contracting the following fire services with the Kent Regional Fire Authority, formerly the City of Kent Fire Department:
1. Fire Plan Review and Inspections
2. Fire Marshal Services

The City of Covington is satisfied with the current Fire Services from the Kent Regional Fire Authority (RFA) in the current Interlocal Agreement (ILA) and wishes to continue utilizing these Fire Service resources during the next contract period. This new ILA retains all services and resources as they currently exist with some minor word changes to reflect the change to the Kent Regional Fire Authority (RFA). This is a pass through cost on an hourly basis, so the basic cost to the city and our permit applicants will reflect the costs for actual hours worked by the Kent RFA staff to provide the complete range of Fire Prevention Services to the City of Covington in the fiscal year that revenues are collected and expenses are paid.

ALTERNATIVES:
None

FISCAL IMPACT:
None, except small amounts of time to route plans, issue permits, and reimburse the Kent RFA.

In the event that it is determined that the incident originated as a result of an explosive device, a King County Sheriff’s Office Bomb Disposal Unit Detective will be called and a cooperative or parallel investigation will be conducted. All proper documentation shall be completed for the filing of criminal charges as per the King County Prosecutor Filing Guidelines.

The parties also recognize that the RFA may become a party to an interlocal agency in conjunction with other south county municipalities for the purpose of performing the work called for in this Agreement. Covington agrees that by signing this Agreement, the performance of the work called for in this Agreement may be performed by an interlocal agency in which the RFA is a party, and that investigators who are employed by jurisdictions other than the RFA which are a party to that other interlocal agreement may perform the work called for in this Agreement; provided that all other terms of this Agreement shall apply to the performance of the work in Covington.

10.4 Modification. No waiver, alteration, or modification of any of the provisions of this Agreement shall be binding unless in writing and signed by a duly authorized representative of each party and subject to ratification by the legislative body of each party.

SUBJECT: CONSIDER RIGHT OF FIRST REFUSAL AGREEMENT WITH KENT SCHOOL DISTRICT TO PURCHASE THE COVINGTON ELEMENTARY SCHOOL PROPERTY

RECOMMENDED BY: Sara Springer, City Attorney
Derek Matheson, City Manager

ATTACHMENT(S):
1. Right of First Offer Agreement with Kent School District

PREPARED BY: Sara Springer, City Attorney

EXPLANATION:
Kent School District’s (KSD) Covington Elementary property (the “Property”) is a strategic piece of land desired by the city for future development to fulfill core economic development and land use goals for the city’s Downtown Plan. As such, over the past several months the city and KSD have negotiated the terms of an agreement that would provide the city the first opportunity, before all other potential purchasers, to purchase the Property.

The agreement produced from said negotiations is the attached proposed Right of First Offer (ROFO) agreement. The ROFO is for a term of three years and requires that upon KSD’s decision to sell the Property, before they may sell the Property to a third party, KSD must notify the city of their intent to sell and present the city with a cash purchase price offer. The city may then accept the initial cash purchase price offer or choose to negotiate the purchase price. If the city does not accept the initial offer price and chooses to negotiate with KSD, KSD is under no obligation to sell the property to the city and may accept a third-party offer at any time during the negotiation period. If no agreement is reached between the parties by the end of the sixty-day negotiation period, the ROFO agreement expires and KSD is under no further obligation to the city.

At their November 14, 2012, meeting KSD’s Board of Directors reviewed the attached ROFO agreement and agreed that it should be forwarded to Covington’s City Council for review and approval.

ALTERNATIVES:
1. Do not authorize the city manager to execute the Right of First Offer agreement.

Enclosure
RIGHT OF FIRST OFFER AGREEMENT
BETWEEN THE CITY OF COVINGTON AND THE KENT SCHOOL DISTRICT

This Right of First Offer Agreement ("Agreement") is made effective the __________ day of __________________________, 201__, by and between the Kent School District No. 415 ("Grantor") and the City of Covington, Washington, a municipal corporation ("Grantee").

RECATALS

A. Grantor owns certain real property described in Exhibit A, which is attached hereto and incorporated herein by this reference, commonly known as Covington Elementary School, in Covington, King County, Washington (the "Property").

B. The Property is a strategic piece of land desired by the City for future development to fulfill core town center economic development and land use goals for the City's Downtown Plan adopted by the City in 2009.

C. To assist the City in fully realizing development of their town center, Grantor desires to grant to Grantee, and Grantee desires to obtain from Grantor, a right of first offer to purchase the Property, together with all appurtenant rights that Grantor has in the Property, pursuant to the terms and conditions stated in this Agreement.

AGREEMENT

1. Right of First Offer. For good and valuable consideration, the receipt and adequacy of which are acknowledged, the parties agree as follows:

   (a) During the term of this Agreement, Grantee shall have an ongoing right of first offer ("Right of First Offer") to purchase the Property, together with all appurtenant rights that Grantor has in the Property. Before Grantor may sell the Property to a third party, Grantor shall first offer the Property to Grantee following the procedures set forth in this Agreement. "Sell" shall be defined as including any transfer or conveyance of all or any portion of the Property or Grantor's interest in the Property, except for a conveyance or transfer by gift. After a conveyance or transfer by gift, the Right of First Offer shall remain in effect against the person holding title or any other interest in the Property.

   (b) Upon publishing the required notice of sale pursuant to Chapter 28A.335.120(3) of the Revised Code of Washington, at the end of the required forty-five (45) day waiting period, Grantor shall send timely written notice to Grantee of Grantor's desire to sell the Property ("First Offer Notice"). The First Offer Notice shall state the cash purchase price ("ROFO Purchase Price") at which Grantor is willing to sell the Property to Grantee.
(c) If Grantee desires to exercise its Right of First Offer in response to a First Offer Notice, then within ten (10) business days following receipt of Grantor’s First Offer Notice, Grantee shall notify Grantor in writing either (i) of Grantee’s exercise of the Right of First Offer, or (ii) of Grantee’s interest in exercising the Right of First Offer subject to a reservation of right to further negotiate the ROFO Purchase Price (“Grantee’s Exercise Notice”).

(d) If Grantee does not reserve the right in Grantee’s Exercise Notice to further negotiate the ROFO Purchase Price, Grantee shall prepare and deliver to Grantor a Real Estate Purchase and Sale Agreement (PSA) containing the terms under which Grantee is willing to purchase the Property.

(e) If, however, Grantee in Grantee’s Exercise Notice reserves the right to further negotiate as provided in subsection 1(c) above, then Grantor shall negotiate the ROFO Purchase Price and/or terms of the PSA with Grantee in good faith during a period not to exceed sixty (60) calendar days following Grantor’s receipt of Grantee’s Exercise Notice (“Negotiating Period”). If during the Negotiation Period Grantor and Grantee mutually agree to the terms of sale, then prior to the expiration of the Negotiation Period, Grantor and Grantee shall execute a PSA to that effect and Grantee shall deliver it to the Escrow Holder. The “Effective Date” of the PSA shall be deemed the date on which the PSA is delivered to the Escrow Holder as fully executed by both parties. “Good faith” as used herein shall allow Grantor to reject Grantee’s offer in the event that Grantor receives an offer from a third party that is, in its sole and absolute judgment, more favorable than Grantee’s offer.

(f) Grantor’s sale of the Property to Grantee, and Grantee’s purchase thereof from Grantor, shall be subject to the terms and conditions of the PSA.

(g) If Grantee does not timely accept the terms of the First Offer Notice, or if Grantor and Grantee do not mutually agree upon the ROFO Purchase Price and/or such other terms in the PSA prior to expiration of the Negotiation Period, then Grantor and Grantee shall be relieved from all obligations under the PSA and Grantor shall be free to sell the Property to any third party on any terms acceptable to Grantor in Grantor’s sole discretion.

2. Term. This Agreement shall begin on the above noted effective date and continue until 3:00pm on December 31, 2016, unless terminated sooner in accordance with the terms of this Agreement.

3. Termination. This Agreement shall automatically terminate on the first of the following events to occur:

(a) Grantee, in contravention of this Agreement, assigns or attempts to assign Grantee’s rights under this Agreement;

(b) Upon Grantee’s failure to timely exercise the Right of First Offer as set forth in Section 1 herein;
(c) The expiration of the Term; or

(d) The purchase of the Property by Grantee.

(e) Upon termination of this Agreement the parties shall jointly execute a written termination notice to be recorded by Grantor against the Property.

4. Litigation Costs. If any legal action or any other proceeding, including an arbitration or action for declaratory relief, is brought for the enforcement of this Agreement or because of a dispute, breach, default, or misrepresentation in connection with any of the provisions of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and other costs incurred in that action or proceeding, in addition to any other relief to which the prevailing party may be entitled. The term "prevailing party" shall include without limitation (i) a party dismissing an action in exchange for sums allegedly due; (ii) a party receiving performance from the other party of an alleged breach of covenant or a desired remedy where the performance is substantially equal to the relief sought in an action; or (iii) the prevailing party as determined by a court of law.

5. Assignment. Grantee's rights and obligations under this Agreement shall not be assigned without Grantor's prior written consent, which consent may be withheld in the sole and absolute discretion of Grantor, and any assignment without Grantor's consent shall be void.

6. Successors and Assigns. Subject to the restrictions on assignment stated above, this Agreement shall inure to the benefit of and be binding on the parties and their respective successors, heirs, and assigns.

7. Notices. All notices required or permitted to be given under this Agreement shall be in writing and mailed, postage prepaid, by certified or registered mail, return receipt requested, or by personal delivery, to the address indicated below or at other places that Grantor and Grantee may, from time to time, designate by written notice given to the other. The address change shall not be effective until three (3) days after notice of the change. Notices shall be deemed sufficiently served two (2) days after the date of mailing or upon personal delivery.
